

Weekly Tech Tips

helpdesk@robertstechs.com • 319-364-3004

Did You Know?

There has been some discussion about Google charging for blocking ads on their website or while using their services. Free ad-blocking software would no longer be useable. Is this something you would be willing to pay for? Is this a concern of your web browsing?

Let Us Reward You!

Do you know of a business struggling with their IT needs? If so, we've got the solution! Go to www.robertstechs.com and refer them under our "About Us" section! They'll receive a free Network Assessment with no strings attached, and if they become a client, you'll be rewarded as well!

Changes to Our Weekly Tech Tips

As many of you know, our "Weekly Tech Tips" has been going for several months now. While we enjoy sharing helpful information with you, we don't want to send it at a frequency which makes it hard to retain. Therefore, going forward, we'll be sending out a monthly publication containing information from all of the categories we currently cover. This will include things such as

security issues, tips beneficial for the reader, and "tech" topics which are in the news.

In regards to our Trivia game which we just started, we'll continue our questions in the monthly publication. There will still be a chance to win a gift card prize, and this gift card will now be for \$15.

Last week's winner for a \$5 gift card to Brewed Awakenings was Jayde from OB-GYN Associates. The correct answer to the trivia question was: "The last thing someone sees when reading an e-mail is your **signature.**"

If you have any questions at all, please continue to e-mail helpdesk@robertstechs.com.

Quote of the Week

"Of all the attitudes we can acquire, surely the attitude of gratitude is the most important and by far the most life-changing."

- Zig Ziglar
